

Santiago Quintero V.

JUNIOR SOFTWARE & FULL STACK DEVELOPER

SINCE 2022

I'm a junior full stack developer with 3 years of formation experience developing web apps using the latest technologies, frameworks and tools to bring solutions and better ideas. Kind and peacefull, I'm a great person and I can work on team. I have experience in front-end and back-end technologies and languages, and databases tools and query languages (SQL and NoSQL), API's, intuitive UI and passion to bring an easy-to-use solution and a great UX.
