

Santiago Quintero V.

JUNIOR SOFTWARE & FULL STACK DEVELOPER

SINCE 2020

I'm a junior full stack developer with 3 years of formation experience developing web apps using the latest technologies, frameworks and tools to bring solutions and better ideas. Kind and peacefull, I'm a great person and I can work on team. I have experience in front-end and back-end technologies and languages, and databases tools and query languages (SQL and NoSQL), API's, intuitive UI and passion to bring an easy-to-use solution and a great UX.

LANGUAGES

English B2 – Advance

Spanish Natvie

SKILLS

Thecnical

- **Frontend:** React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Next.js
- **Backend:** Node.js, PHP, Python, C#, ASP.NET
- **Database:** MySQL, MongoDB.
- **Others:** Git, Office 365, Microsoft Learn Platform

Soft

- Communicates effectively
- Empathy
- Change the perspective of a problem to solve it
- Team work

PROFESSIONAL TRAINING

EXPERIENCE

Full Stack Developer - Táchira Children's Choir Website (2023-2024):

- I developed and deployed a complete website using Next.js and TypeScript
- I implemented advanced cybersecurity techniques ensuring 100% protection of private materials
- I collaborated with stakeholders to deliver user-friendly interface meeting organizational requirements
- Technologies used: Next.js, TypeScript, cybersecurity protocols

Full Stack Developer - GarOchoa Hardware Store Management System (2022-2023):

- I built comprehensive inventory, customer, and multi-location management application
- I developed scalable backend architecture using PHP improving inventory management efficiency by 40%
- I created responsive frontend interface using HTML, CSS, and JavaScript
- I delivered complete solution handling complex business logic and data relationships
- Technologies used: PHP, jQuery, HTML5, CSS3, MySQL

Sound dicertor, sound manager and mixer - Biblioteca Manuel Zapata Olivela (2022 - 2024)

- I conceptualized and directed the musical direction of projects, including the composition, selection, and recording of the soundtrack.
- I managed the entire sound design process for projects, from pre-production to final mixing.
- I coordinated teams of sound engineers and designers to ensure a consistent sound vision.
- I did the final mix of the soundtrack, achieving a professional balance between dialogue, music, and sound effects.

TECHNICAL EXPERTISE HIGHLIGHTS

- 3+ years of hands-on full-stack development experience
- Proficient in modern JavaScript frameworks and libraries
- Experience with both SQL and NoSQL database systems
- Strong understanding of cybersecurity implementation
- Version control and collaborative development workflows
- Cross-platform and responsive web design principles

CERTIFICATIONS

Microsoft Learn - Enterprise Technology Development (September 2, 2023) - Verified by UCC (Universidad Cooperativa de Colombia)

- Enterprise development with technology-based solutions
- Efficient teamwork and technological resilience
- Business application development methodologies

Microsoft Learn - TypeScript and Object-Oriented Programming (February 5, 2025)

- Advanced application development using TypeScript as OOP language
- Complex software architecture and design patterns
- Modern development practices and methodologies

ACADEMIC TRAINING

Software Development Technician

- CITD Julio Flórez - Bogotá D.C. (2021-2023)

Focus: Full-stack web development, software engineering principles.

Secondary Education

- CIT Maria Auxiliadora
- Colegio Arturo Uslar Pietri
- Instituto Insular del Caribe
- Colegio Agua Viva
